### **DETAILED ACTION**

Claims 1-14 and 16-20 are pending in this application.

#### ***Action Summary***

1. Examiner acknowledges the cancellation of claims 21 and 22. Therefore, any and all rejections directed towards those claims are hereby withdrawn.

#### ***Statement of Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance:  
The claims are allowable over the cited prior art because the prior art does not teach, disclose nor make obvious an exothermic device for topically delivering an active agent, wherein the said device contains a plurality of liquid reservoirs. The closest prior art Fujiwara (4,205,957) teaches an exothermic device for delivering an active agent comprising a liquid reservoir, however, it is not disclosed in Fujiwara the device containing a plurality of reservoirs. The unexpected result of containing multiple reservoirs would be the ability to use the device at different times when it is necessary to deliver the drug at different times of the day or when it is deemed necessary by the patient.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
